PROJECT OVERVIEW

Revitalize Shiremanstown’s Memorial Park to enrich the quality of life for residents, encourage healthy outdoor activity and provide inclusive spaces that reflect the community’s commitment to wellness and connection.

PROJECT INFORMATION

Shiremanstown Memorial Park is approximately 3.86 acres owned by the Shiremanstown Borough. The playground is over 20 years old and in need of full replacement. This park revitalization will provide additional recreational opportunities for residents and visitors. A survey of Shiremanstown residents in August 2025 determined the community was looking for a variety of updated outdoor amenities prioritizing safety, accessibility and beautification.

The project requires park site development and construction that will include the following:

½ Mile Walking Trail Loop

- The 8-foot scenic ADA walking trail around the park will provide off-street walking and connectivity to the amenities within the park.
- Creates a safe, healthy-lifestyle walking path for residents of all ages and supports wellness.

Pickleball Court

- The 30x60’ regulation size pickleball court will provide a new amenity to the park.
- Create a recreational opportunity for residents of all ages.

Misting Station

- The outdoor cooling fixture will spray a fine mist of water, using evaporative cooling to lower temperatures and provide relief from heat.
- Creates a fun and engaging play station for our young (and young at heart) residents, encouraging outdoor activity even on hot days.

Rain Gardens

- The addition of 3 rain gardens will provide proper drainage when establishing new pervious park amenities.
- Creates beautification of the park as well as water runoff.
- Encourages wildlife habitat, native plant species and a local ecosystem.

Playground

- The updated playground equipment will be an inclusive space for residents of all abilities to enjoy.
- Creates a place for active, imaginative and collaborative outdoor play.
- Promotes social, cognitive, and emotional growth as well as physical development and outdoor play.

Band Shell

- The outdoor band shell will provide a weather-protected venue for a variety of community events.
- Creates opportunities for community gathering, local entertainment, live performances, outdoor markets and movies in the park.

Open Space

- The area between the new pavilion and band shell will be an open space to allow for community events, large group games and lawn seating for the band shell.

Recreation/Historical Society/Maintenance Building

- The 60x100' building will provide indoor space for the Shiremanstown Historical Society, Parks and Recreation and maintenance space for borough equipment.
- Creates indoor space for the historical items of Shiremanstown.
- Encourages community engagement, a space for resident celebrations and additional recreational activities.

CURRENT SERVICES and STATS

Shiremanstown is a community with approximately 1,732 individuals living in the borough. Memorial Park provides an outdoor space within a walkable distance to most residents, making it a convenient and necessary resource.

Currently, the major events taking place in the park each year include the following:

- Fall Fun in the Park
- Easter Egg Hunt
- Halloween Party
- Christmas in the Park

The event attendance and usage of the park continues to grow each year.
